

StepperMotor.h

```
graph BT; A[StepperMotor.cpp] --> B[StepperMotor.h];
```

The diagram illustrates a C++ file dependency. At the bottom is a white rectangular box labeled 'StepperMotor.cpp'. A blue arrow points vertically upwards from this box to a gray rectangular box at the top labeled 'StepperMotor.h'. This indicates that the source file 'StepperMotor.cpp' includes the header file 'StepperMotor.h'.

StepperMotor.cpp
